

# HIGH AND LOW POKER™

***Play Two Hands at the Same Time!***

Dual Value Playing Cards™ combine two standard 52 card decks into one for twice the fun!

*The TOP values on the cards make up the HIGH poker hand.*

*The BOTTOM values on the cards make up the LOW hand.*

After the deal, flip your cards to make your strongest HIGH poker hand and your weakest LOW poker hand.

Try to win *both* the HIGH and LOW pots!
